Not Just Oil Manufacturing

A Deeper Approach to Ayurveda

ASLI AYURVEDA was envisioned as a modern Ayurvedic manufacturing ecosystem where:

- ◆ Classical Ayurvedic wisdom
- ◆ Conscious manufacturing
- ◆ Yogic philosophy
- ◆ Modern infrastructure
- ◆ Global wellness aesthetics.....

...come together to create authentic Ayurvedic wellness products for the world.

Within our facility atmosphere,
the spirit of Ayurveda is preserved through:

Disciplined Manufacturing, Vedic chants,
process purity, and deep respect for
traditional herbal sciences.

Who We Are

Asli Ayurveda Wellness Pvt. Ltd.

A premium Ayurvedic contract manufacturing company specializing in:

- ◆ Classical Ayurvedic oils
- ◆ Panchakarma therapy oils
- ◆ Hair oils
- ◆ Beauty & facial oils
- ◆ Pain & recovery oils
- ◆ Aromatic wellness oils
- ◆ Spa massage oils
- ◆ Herbal cosmetic oils
- ◆ Luxury Ayurvedic wellness systems

We combine:

Authentic Ayurvedic formulation understanding

with

Modern manufacturing precision and
global product adaptability.

Our Manufacturing Philosophy

Classical Sneha Kalpana with Modern Process Discipline

At ASLI AYURVEDA, Ayurvedic oils are manufactured with attention to:

- ♦ Proper Sneha Kalpana principles
- ♦ Controlled herbal infusion systems
- ♦ Temperature management
- ♦ Moisture reduction control
- ♦ Filtration refinement
- ♦ Aroma balancing
- ♦ Texture optimization
- ♦ Stability-focused finishing
- ♦ Batch-to-batch consistency

Every oil is developed to feel:

authentic • refined • stable • premium • globally adaptable

The Asli Ayurveda Environment

Where the Spirit of BHARAT
Meets Modern Wellness Manufacturing

ASLI AYURVEDA was founded by Mohit Sardana with the vision of creating a purposeful Ayurvedic wellness company inspired by:

- ◆ Yoga
- ◆ Discipline
- ◆ Conscious living
- ◆ Classical herbal sciences
- ◆ Authentic Ayurvedic traditions

Within the manufacturing environment:

Herbs are processed amidst an atmosphere infused with Vedic chants, process discipline, and devotion toward authentic wellness creation.
