**Namaste !**

**I just landed Here - in the GRACE of AYURVEDA !**

Having been born and raised in a family where life always revolved around Religious and Spiritual Practices , it was natural of me to get inclined towards the ethos of ANCIENT INDIAN WISDOM very early in my life.

The then education system which always tried shaping the mindset to choose becoming a Doctor , Lawyer or Engineer etc. , never attracted me . I had this clarity as a student, that I would be an ENTREPRENEUR once I grow up and true understanding of ENTREPRENEURSHIP to me , also came from my exposure to the old Indian schools of learning where the objective of setting up a business was always about adding value in the lives of people who subscribe to your business .

This approach of working for VALUE ADDITION and not VALUATION brought me many REWARDS all my life in my journey as an Entrepreneur. Impeccable Academic Credentials , laurels all my way , Life brought me beautiful rewards in all aspects . Having successfully built many businesses across varied sectors like Manufacturing, Export , Healthcare , Lifestyle and Network Marketing etc. , I still felt intense longing for more and then ..... .

*I distinctly understood the importance of inner well being and importance of Spirituality as a mainstream practice and ..... .*

**I finally arrived at YOGA**

.....because nothing else seemed to settle me. Ever since , I got initiated into YOGA by my MASTER - SADHGURU , my perspective towards life and livelihood both got transformed and convinced me to set up an enterprise in sync with YOGA and this is how the idea of AYURVEDA happened to me . Sooner , with immense pain, I discovered the lack of authenticity in the modern day ecosystem where majorly, it has become just another Business .

Then after, I took pledge to embark on a transformative entrepreneurial journey and turned into a lifelong student of AYURVEDA. As a manifestation to this , with the Blessings of SADHGURU, I mothered **ASLI AYURVEDA** -a world class manufacturing facility to support BEAUTY and WELLNESS brands across the Globe , with ONE STOP SOLUTION for all their Contract Manufacturing Needs with Authenticity, Integrity and Purity of AYURVEDA!

*Mohit Sardana*

Founder  
(ASLI AYURVEDA Wellness Pvt. Ltd.)

**Mohit Sardana**, an adherent of the Yogic & Ayurvedic school of life style - a serial entrepreneur, founder of **ASLI AYURVEDA** strives to make **HEALTH** - an effortless habit through his endeavour in manufacturing Ayurvedic formulations.

With his newly established, state of the art, AYUSH certified, US-FDA registered, FSSAI licensed, & accreditations like WHO-GMP, NPOP, HACCP, ISO22000-2018 etc, he is committed to add value in the Ayurveda and Nutraceuticals Industry by supporting Beauty and Wellness Brands for their contract manufacturing needs.

**ASLI AYURVEDA** is all set to reignite **PRIVATE LABEL & CONTRACT MANUFACTURING** Natural-Wellness INDUSTRY !

Post pandemic, conscious people are altering their lifestyles by resorting to herbal remedies, food supplements & natural cosmetics.

This has led to plethora of opportunities for Retailers and Wellness Brands, who are already planning to elevate their presence and positioning - both, offline and online.

Expanding their brand portfolio to meet this surge in demand, finding quality, consistent and reliable Contract Manufacturers remains their top most priority. By being authentic and natural, as desired by our ancient SAGES in AYURVEDA, justifying the nomenclature 'ASLI' is what sets this company apart from the rest. (ASLI (असली), literally means genuine & authentic) .

Beyond R&D, ASLI'S world class infrastructure and scalable capacities, a brand can expect turnkey solutions including new product ideas, packaging and label designs. The packaging lines have the versatility to fill creams, liquids, powders, capsules, tablets & herbal teas etc.

The Plant has a consecrated Temple and working in a milieu of Vedic Chants and hymns, not only keeps the Production Teams positively charged up, but it does have an impact in the quality of the produce too. This can only be experienced by visiting the Facility, and can't be put aptly into words.

Synthetic colours, fragrances and additives are far from anything to do with products manufactured here for any private label-BIG or SMALL, LOCAL or GLOBAL .

## ReviveFresh Ayurvedic Deodorant Mist

ASLI's ReviveFresh Ayurvedic Deodorant Mist not only offers a natural and safe solution for odor protection but also provides additional health benefits for your underarms. By using a natural deodorant, you avoid exposing your skin to potentially harmful chemicals commonly found in conventional deodorants. This can help reduce the risk of skin irritation, allergies, and other adverse reactions.

Furthermore, natural deodorants often contain ingredients that are known for their soothing and nourishing properties. These ingredients can help calm the delicate skin of the underarms, moisturize the area, and promote a healthier skin barrier.

Using a natural underarm deodorant also aligns with a holistic approach to wellness and self-care. By choosing products that are free from harsh chemicals and artificial additives, you prioritize your overall well-being and contribute to a more sustainable and eco-friendly lifestyle.

Experience the health benefits of using ASLI ReviveFresh Ayurvedic Deodorant Mist, providing effective odor protection while being gentle on your skin and promoting a healthier underarm environment.

## ASLI AGRO ASHRAM

**ASLI AGRO ASHRAM**, another initiative of **ASLI AYURVEDA** practices organic and natural farming with a focus on sustainability and soil health.
